05

Plasma physics

06

Neutronics

07

System modelling

08

Diagnostics & Data

★ Hands-on tutorials **SIGNATURE**

OSSFE's signature format: get a room up and running with your software, live.

■ Talks · Posters · Lightning talks · Birds of a Feather · Meet the Maintainer

Short, informal or in-depth ways to share work and spark collaboration.

Not a maintainer? **Users** of open-source tools are just as welcome as the people who build them.
